Experience

Frontend Developer Intern | Health Pulse Connect

Remote | May 2024 - June 2024

- Built production-grade features using React, Redux, and WebSockets.
- Implemented video call, chat, and API layers using Redux Toolkit.
- Improved performance and UI accessibility using TailwindCSS and best practices.

Software Engineer Intern | Tech Innovations Inc.

Remote | June 2023 - Aug 2023

- Collaborated on API integration with React components.
- Optimized performance and tested components with Jest.
- Improved app scalability using modern React patterns.

UI/UX Designer Intern | Creative Solutions Ltd.

Remote | Jan 2023 - Apr 2023

- Designed clean and user-friendly UI using Figma.
- Collaborated closely with developers to ensure design fidelity.
- Conducted usability tests and implemented feedback.

Projects

Undowntime

Cold-start prevention and uptime monitoring SaaS with Razorpay, domain verification, and CRON jobs.

React Starter Plus

Abhishek Jha

West Bengal, India | iamabhishek1310@gmail.com | github.com/iCoderabhishek

CLI + NPM toolkit to scaffold React apps with Tailwind, Zustand, ESLint, etc.

WTC (Chrome Extension)

Context-fetching Chrome extension using OpenAI and Gemini for selected web text.

Education

WBSCTVESD

Diploma in Computer Science & Technology | CGPA: ~8.5 | 2021 - 2024
